LEARN FROM THE BEST

...choose from dozens of unique learning sessions or sign up for a customized training program:

- ✓ Delivered on site at your location
- ✓ All presenters are industry specialists
- ✓ Unbeatable content, pricing and value
- ✓ Maximized learning and retention

DON'T LET PEOPLE BE YOUR WEAKEST LINK

Everyone knows that almost 80% of security incidents originate in-house, within every organization. Most breaches are due to improper use of technology, lax or unaware management, lack of education and limited policy enforcement.

WorkLife™ is designed to eliminate the traditional hurdles that affect corporate training initiatives by using experts to deliver concise training sessions that meet your exact budgets and expectations.

WorkLife™ Benefits

- Security awareness
- Instant productivity gains
- Higher work satisfaction
- Current knowledge
- Plain English information
- Post sale support
- Customized programs
- Free tools and software

"WorkLife™ Bridges The Gap Between People And Technology

Let's give your people the knowledge they need to effectively protect business assets and productivity.
